Date: 05/20/2026

Subject: Removal of Weekly 1-Hour Friday Maintenance Window

Summary

Effective July 24, 2026 at 17:00 CT, Coinbase Derivatives, LLC (“CDE” or “Exchange”) will remove the weekly 1-hour Friday maintenance window currently observed from **Friday 16:00 CT to Friday 17:00 CT** for 24x7 enabled products. The final Friday maintenance will occur July 24, 2026 from 16:00 to 17:00 CT.

After this date, CDE deployments/releases will occur during market hours (“Open” trading state) and will be announced via <https://status.cde.coinbase.com/>. Please reference related notices [26-13 Gateway Maintenance During Market Hours](#) and [26-22 Mandatory Sequence Number Reset on Logon](#) for guidance.

Customer Impact

- The weekly 1-hour Friday trading close will no longer occur after **July 24, 2026**.
- 24x7 enabled products previously affected by the Friday 16:00 - 17:00 CT break will now trade continuously throughout the week, subject only to the scheduled maintenance windows listed below.
- The trade date will roll **Friday at 16:00 CT**, and all trades executed after the roll will clear on the next trading date.
- Customers should ensure that internal systems, trading applications, and connectivity processes are updated to reflect the new schedule.
- Products that are not 24x7 enabled are unaffected by this change and will continue to observe their existing trading schedules.
- See <https://www.coinbase.com/derivatives/exchange-products> for a complete list of products and their respective trading hours.

New Maintenance Window Schedule

To support the transition away from the weekly 1-hour Friday maintenance window, CDE will introduce additional weekend maintenance windows. The schedule below reflects the planned maintenance dates for the next year, during which all CDE products will be unavailable.

Each maintenance window will be three (3) hours in duration, with one (1) extended maintenance window annually to accommodate the FIA Disaster Recovery (DR) exercise. Additional start times will be communicated closer to the event.

- July 25, 2026 @ 9:00AM CT — Standard Weekend Maintenance
- September 12, 2026 — Standard Weekend Maintenance
- October 24, 2026 — Standard Weekend Maintenance & FIA DR
- December 12, 2026 — Standard Weekend Maintenance
- February 13, 2027 — Standard Weekend Maintenance
- April 10, 2027 — Standard Weekend Maintenance
- June 12, 2027 — Standard Weekend Maintenance
