

CFE Independence Day Holiday Testing Opportunity

Reference ID: C2020062401

Overview

To provide additional opportunities for holiday testing, the CFE certification environment will be configured to observe a holiday trading session beginning Thursday, June 25, 2020. The test is designed to mimic the [modified trading hours](#) associated with the 2020 Independence Day holiday. After the start of the CFE certification trading environment on the afternoon of June 25, 2020, the simulated holiday trading session will commence for the business date of June 29, 2020.

Simulated Holiday Trading Schedule

VX and AMERIBOR Futures

The CFE Certification schedule below will apply for the Friday, June 26, 2020 simulated holiday trading session in VX and AMERIBOR futures, including Trade at Settlement (TAS) transactions in VX futures (VXT):

Type of Trading Hours	Friday, June 26, 2020	Monday, June 29, 2020
Extended	5:00 p.m. (Thursday) to 10:30 a.m. CT for VX, VXT, and AMERIBOR	5:00 p.m. (Sunday) to 8:30 a.m. CT and 3:30 p.m. to 4:00 p.m. CT for VX and AMERIBOR 5:00 p.m. (Sunday) to 8:30 a.m. CT for VXT
Regular	None for VX, VXT, and AMERIBOR	8:30 a.m. to 3:15 p.m. CT for VX and AMERIBOR 8:30 a.m. to 3:13 p.m. CT for VXT

A holiday trading session includes extended trading hours on the calendar day of the holiday and any extended trading hours for the holiday on the previous calendar day. In this case, Friday, June 26, 2020 is simulating Friday, July 3, 2020 as the date of the holiday, which is the date on which the 2020 Independence Day holiday is being observed. Holiday trading sessions are not separate business days and are part of the next business day.

All Other Products

Simulated trading in the certification environment will be closed for all CFE products other than VX and AMERIBOR futures on Friday, June 26, 2020.

Submission Time Frames for the Simulated Independence Day Holiday

The chart below sets forth the applicable time frames for the submission of Orders (including Cancel Orders and Cancel Replace/Modify Orders) in VX and AMERIBOR futures, including Quotes and Orders in VXT TAS transactions (unless otherwise indicated), in connection with the simulated Independence Day holiday.
