

CFE Thanksgiving Day Holiday Testing Opportunity

Reference ID: C2020100701

Overview

To provide additional opportunities for holiday testing, the Cboe Futures Exchange, LLC (CFE) certification environment will be configured to observe a holiday trading session beginning Wednesday, October 14, 2020. The test is designed to mimic the modified trading hours associated with the 2020 Thanksgiving Day holiday. After the start of the CFE certification trading environment on the afternoon of October 14, 2020, the simulated holiday trading session will commence for the business date of October 16, 2020.

Simulated Holiday Trading Schedule

VX and AMERIBOR Futures

The CFE Certification schedule below will apply for the Thursday, October 15, 2020 simulated holiday trading session in VX and AMERIBOR futures, including Trade at Settlement (TAS) transactions in VX and VXM futures (VXT, VXMT):

Type of Trading Hours	Thursday, October 15, 2020	Friday, October 16, 2020
Extended	5:00 p.m. (Wednesday) to 10:30 a.m. CT for VX, VXM, VXT, VXMT and AMERIBOR	5:00 p.m. (Thursday) to 8:30 a.m. CT for VX, VXM, VXT, VXMT and AMERIBOR
Regular	None for VX, VXM, VXT, VXMT and AMERIBOR	8:30 a.m. to 12:15 p.m. CT for VX, VXM and AMERIBOR 8:30 a.m. to 11:58 a.m. CT for VXT and VXMT

A holiday trading session includes extended trading hours on the calendar day of the holiday and any extended trading hours for the holiday on the previous calendar day. In this case, Thursday October 15, 2020 is simulating Thursday, November 26, 2020 as the date of the holiday, which is the date on which the 2020 Thanksgiving Day holiday is being observed. Holiday trading sessions are not separate business days and are part of the next business day.

All Other Products

Simulated trading in the certification environment will be closed for all CFE products other than VX, VXM, VXT, VXMT and AMERIBOR futures on Thursday, October 15, 2020.
