

Modified Daily Settlement Procedures for Interest Rate and FX Products On Veterans Day – November 11, 2014

In recognition of the **Veterans Day holiday on Tuesday, November 11, 2014**, CME Group trading floors will be closed for Interest Rate and FX products. Regular CME Globex trading hours will be in effect. Given the bank holiday and trading floor closures on these days, special settlement procedures will be used for FX and Interest Rate products that have trade dates of November 11, 2014.

Veterans Day Settlement Procedures:

- **Daily settlement prices for Interest Rate and FX futures and options will be determined at 12:00 p.m. CT on Veterans Day**
- **Settlement procedures will be modified for the holiday**

FX Options	Use CME Globex market data between 11:45:00-11:59:59 CT in outright strikes and ATM straddles to derive volatility skews for all months
INTEREST RATE PRODUCTS	
Eurodollar Futures	Fronts, Reds, and Greens (normal methodology) Use CME Globex data between 11:59:00-11:59:59 CT, adjust for Calendar spreads and Butterflies

	Blues and Golds Use midpoint of the CME Globex bid/ask between 11:59:00-11:59:59 CT, adjust for Calendar spreads and Butterflies Last Five Years Apply the net change of the last Gold month to derive the settlement for the last 20 months
Eurodollar Options	Use CME Globex market data between 11:45:00-11:59:59 CT in outright strikes and ATM straddles to derive volatility skews for all months.
Treasury Futures	Ultra, 30-, 10-, 5-, 3-, and 2-Year (normal methodology) Use CME Globex data between 11:59:30-11:59:59 CT to derive a volume weighted average price, apply the spread for backmonths Swaps (normal methodology) Use CME Globex data between 11:59:30-11:59:59 CT to derive a volume weighted average price, apply the spread for Backmonths In the absence of market data, the net change of the corresponding Treasury will be multiplied by the appropriate ratio to derive the net changes of the corresponding Swaps
Treasury Options	Use CME Globex market data between 11:45:00-11:59:59 CT in outright strikes and ATM straddles to derive volatility skews for all months
All Other IR Futures	All other Interest Rate Futures will use current methodologies, using the timeframe of 11:59:00-11:59:59 CT

Additional Notes

- All settlement banks will be closed on Veterans Day, Tuesday, November 11, 2014. Accordingly, there will be no movement of margin or settlement funds on that date.
- There will be no intra-day banking and settlement cycle on November 11, 2014. Consequently, all trade activity for trades on November 11 will be marked-to-market based on the settlement prices as determined per the above-described methodology (see table).
- For Veterans Day, the next movement of funds associated with the margin and settlement obligations from end-of-day Monday, November 10, and the full trade date of November 11, will occur on Wednesday morning, November 12.
