Change To Stevedoring Rate for the Sugar No. 16 Futures Contract

Effective from October 1, 2011 through September 30, 2012, the Stevedoring Rate used in invoicing for deliveries under the Sugar No. 16 futures contract will be $15.00 per long ton.

The Stevedoring Rate in effect for a given crop year is determined pursuant to Exchange Rule 29.09. The rate in effect for the period from October 1, 2010 through September 30, 2011 is $12.45 per long ton.
